

# StarIQ at a Glance

Your AI Assistant at Flagstar · Powered by Amazon Bedrock · Runs 100% inside Flagstar's private AWS

No tech skills needed ✓

1

## Access StarIQ

Go to [myapps.microsoft.com](https://myapps.microsoft.com), click the StarIQ icon, and sign in with your Flagstar credentials. SSO — no new password needed.

2

## Summarize Anything

Upload a 50-page report and ask: "Summarize in 5 bullets with key decisions." Done in seconds.

3

## Draft in Seconds

"Write a professional email about our Q2 deadline change — positive tone." Get a polished draft instantly.

4

## Analyze Data

Upload Excel → "What are the top trends and outliers?" AI reads values and surfaces insights fast.

5

## Pick Your Model

- Haiku — quick tasks
- Sonnet — most work ★ start here
- Premier — critical decisions

Switch with @ModelName mid-chat.

6

## Knowledge Base

Upload your team's docs (PDF, Word, Excel, PPT). Type # in chat to reference them. Answers come with exact citations. Private by default.

7

## Ground Rules

- Upload internal docs & reports
- Review AI output before sharing
- No customer PII or SSNs
- No passwords or credentials

8

## Your Data Is Safe

Runs inside Flagstar's private AWS. Never leaves our environment. Conversations never used to train AI. GLBA & SOX compliant.
